SUMMER DAY RIDE & RAFT GEAR LIST

Mountain weather can be unpredictable, expect anything from clear sunny days to thunder storms. **Note, new leather soled cowboy boots and the Wilderness are not a good combination.**

Boots - Rubber soled, with only a slight heel, heeled hiking boots work great
A waterproof type is best for June and early July trips.

Cap or Hat

Rain Gear - VERY IMPORTANT – Let us know if you don't have any ..

Jacket - medium weight

Gloves - one pair light weight leather or cotton - rubber dish gloves are great to have for rain. **Optional**

Water Bottle- Can be just plastic bottle of water.

Camera

Binoculars

Insect repellent

Sun screen

Fishing Gear for planned fishing outings, Montana fishing license will be required. Snowy Springs can assist you with this at our base

RAFTING GEAR LIST

You will have the opportunity to change from horse riding clothes to your rafting clothes at lunch & launch site. Extra gear is packed out with horse guides. According to time of year & river height there may be a portage. Try not to include a lot of cotton such as sweatshirts & sweatpants, once wet they never dry out.

PROVIDED

Farmer style wetsuits (sleeveless style, for cooler weather a fleece jacket with a rain jacket on top works very well). Helmet and life jacket

SUGGESTED ITEMS TO BRING

River Footwear – Water shoes, sandals or tennis shoes with neoprene socks

Swimsuit or shorts – nice to wear under your wetsuit

Rain Jacket

Water Bottle

Insect repellent

Sun screen
